SUMMER HOLIDAY HOMEWORK

CLASS I

"The holiday season is a perfect time to reflect on blessings and take out ways to make life better for those around us".

Summer vacation is the most awaited time for both kids and parents. However, this time it is different as kids are not attending school. It becomes all the more important to keep them active. We have tried to keep "Summer Holidays Homework" simple and informative but interesting as well, so that kids love to spend their time in completing it.

Here are few suggestions for parents:-

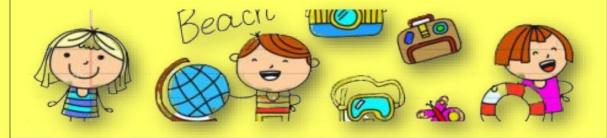

- Make sure that you are spending quality time with your wards amidst this tensed environment. It is very important to keep their anxiety at minimum.
- Giving them small responsibilities in household chores will aid them to be independent.
- Teach them the importance of moral values in their life.
- Keeping in view the prevailing situation, indulge yourself in various indoor games with them.

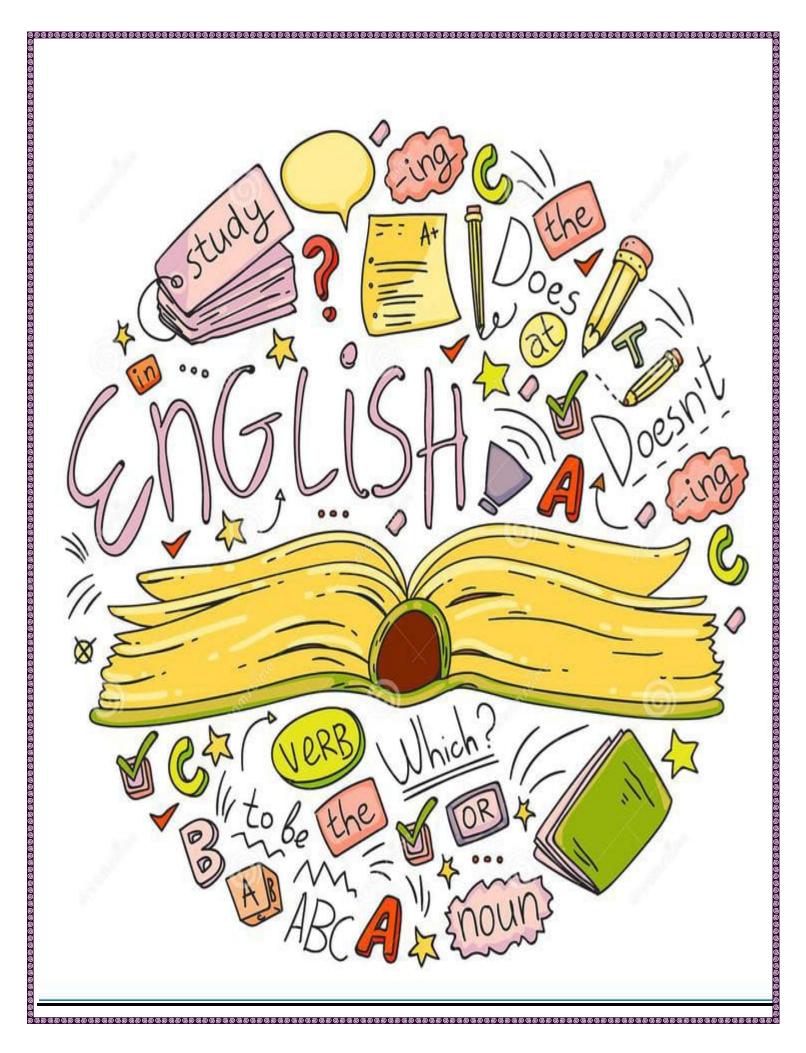

We cannot overlook the fact that the Summer Holidays are the time to relax and revive. While the entire world is struggling hard in recovering from the pandemic COVID-19, we together will have to make it sure that our youth is least effected from the panic around. So, make these holidays memorable for them by providing a nurtured and stimulated environment at home which is full of fun, excitement, and learning.

Please note:

- ✓ Use resources (rough notebook, ruled/coloured sheets) only which are available at home to complete all Holidays Homework.
- ✓ Prepare a systematic timetable and follow it religiously from the very first day.
- Allow them to complete homework on their own under your guidance.

Wish you all a fun filled, safe and healthy holidays ahead!
